

Which HP Next Gen device should I choose?

THE ON-THE-GO DYNAMO

Senior leaders, Entrepreneurs, Sales

I need...

- High quality meeting experiences from anywhere.
- Long-lasting battery life and high performance.
- Intelligent cyber security that I don't have to think about.

I don't want...

- A clunky, heavy device.
- Disruptions when I'm trying to breeze through my to-do list.
- To face any barriers when I'm working on the move.

HP Elite Dragonfly G3 Notebook

- **High quality meetings** with intelligent audio and video optimisation
- **Automatically locks and wakes** when you leave and return
- **Advanced cyber security**
- **Custom battery management**
- **Easy to transport** at less than 1kg

THE CREATIVE GENIUS

Designers, Product Developers, Creators

I need...

- A lot of space.
- A lot of power.
- Automatic protection against modern cyber threats.

I don't want...

- Lagging software.
- A device that is not eco-conscious.
- Difficulty moving my PC between work and home.

HP Elite Mini 600 or 800 G9 Desktop

- **Breakthrough performance** with the latest Intel® processors
- **Easy to transport**
- **Advanced cyber security**
- **Eco-conscious materials**
- **Enjoy peace and quiet** with HP Run Quiet Design

THE BACK OFFICE HERO

Reception, Administration, Sales

I need...

- High quality online meeting experiences.
- The ability to collaborate with my team, wherever they are.
- Next-level security and always-on defence.

I don't want...

- Disruptions during demanding processes and video conferences.
- A cluttered work area.
- Lagging programs.

HP EliteOne or ProOne G9 Desktop

- **High quality meetings** with intelligent audio and video optimisation
- **Breakthrough performance** powered by the latest Intel® processors
- **Clutter-free workspace** with built-in cable management
- **Extend the lifecycle** by converting the PC to a display
- **Advanced cyber security**

THE HYBRID WORKER

Finance, Marketing, Legal, Strategy

I need...

- Versatility so I can work the way I want.
- Long battery life and reliable performance.
- Uncompromising cyber security, wherever I am.

I don't want...

- Disruptions when I change up my workspace.
- A device that is not eco-conscious.
- Obstacles to creating, collaborating, and presenting.

HP ProBook 400 Series G9 Notebook

- **Rapid battery recharge**
- **Great performance** with next gen AMD® processor or 12th Gen Intel® processor
- **Versatile 360-degree design**
- **Advanced cyber security**
- **Eco-conscious materials**
